

CYTOLOGY & HISTOLOGY

OMNICELL[®]
Global

**a Plan, a Strategy, a Human Approach with
Logical Processes make a Successful Product.**

OUR COMPANY

Omnicell Global is a manufacturer of disposable plastic labware. We have always adopted the highest standards of quality and services. We take pride in offering only the best quality products at a competitive price. Our management team has over 25 years of experience in the supply of Plastic Laboratory Consumables and Scientific Equipment to the global market.

Our manufacture facility is in Viet Nam. Our Sales offices are located in Canada, USA and Viet Nam thus allowing us to fulfill the needs of our customers with a just in Time approach.

Omnicell Global manufactures its range of products using injection and blow molding machines. A team of QC engineers is constantly present to verify the production and the assembly lines.

All of our products are molded with virgin, medical grade FDA approved resin.

Our 6500 sqm production facility is certified by Quality Management System ISO 9001:2008 and Environmental Management System ISO 14001:2004.

OEM In addition to offering the Omnicell brand of products, we also provide private labeled and customized products according to each customer's specific requirements.

Our 12000 sqm warehousing facility is monitored and managed by the latest logistics software allowing for a trouble free supply chain network.

CYTOLOGY & HISTOLOGY

1 Made of Acetal Polymer

- ⦿ Manufactured in a facility whose Quality Management System is approved by an Accredited Registering Body ISO 9001:2008 and Environment Management System ISO 14001:2004. Both **certified by Bureau Veritas Certification.**
- ⦿ Resistant to histological solvents and decalcifying solutions.
- ⦿ Keeps specimens submerged in solution.
- ⦿ **Efficient flow-through slots maximize fluid exchange and ensure good drainage during the processing.**

2 Unique Design for writing area

- ⦿ Front and side textured for writing.
- ⦿ Superior and economical performance for both manual and computer-based labeling systems.
- ⦿ **Large labeling areas and different writing angles suitable for all users.**
- ⦿ Accepted by all current automatic cassette labelers.

3 Time-Saving Options

- ⦿ A two-piece construction to simplify the embedding.
- ⦿ Available with lids attached.
- ⦿ Available with lids and bases packed separately so that printing can be completed before attaching the lids.
- ⦿ Available as a one-piece with integral lid.

4 Friendly and Environment Saving Design

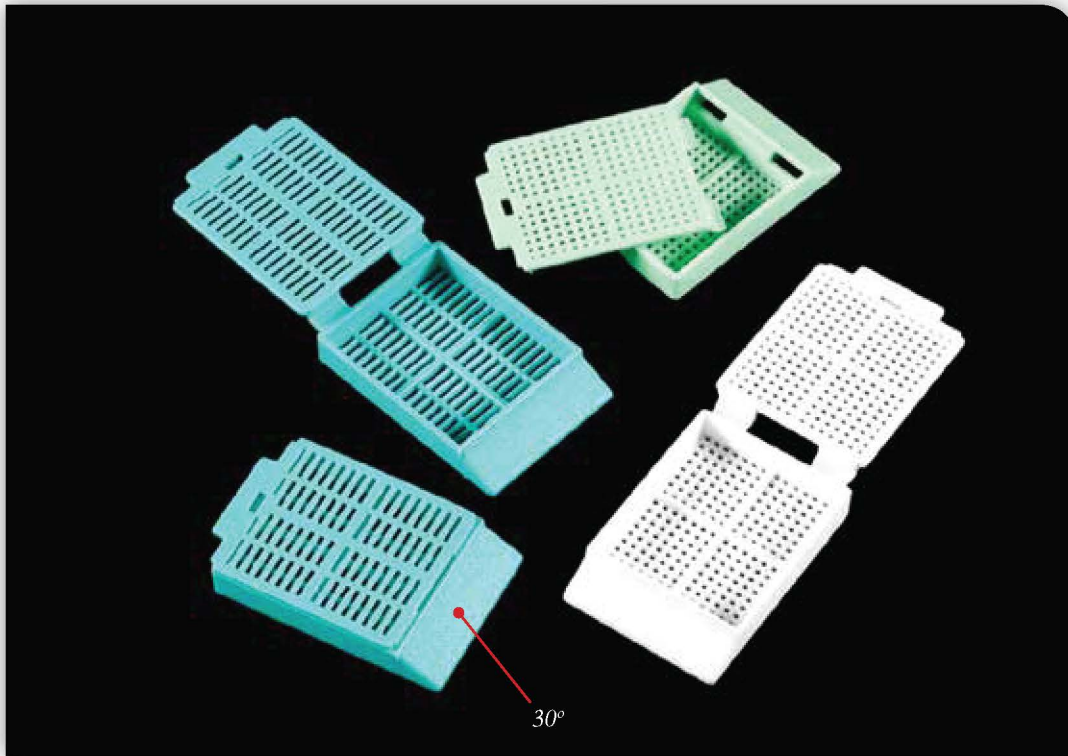

- ⦿ Holds specimens securely in place.
- ⦿ **May be opened and closed as often as necessary.**
- ⦿ Always relock securely without the danger of losing your specimen.
- ⦿ When use with an appropriate base mold, the cassette becomes the supporting **structure of the paraffin block during embedding.**

5 Colour coding your specimens with our large choice of colours

- ⦿ Aqua
- ⦿ Blue
- ⦿ Green
- ⦿ Lilac
- ⦿ Pink
- ⦿ Orange
- ⦿ White
- ⦿ Yellow
- ⦿ Peach
- ⦿ Other colour choices are available with Minimum Ordering Quantities.

HC10 and HC11 Series

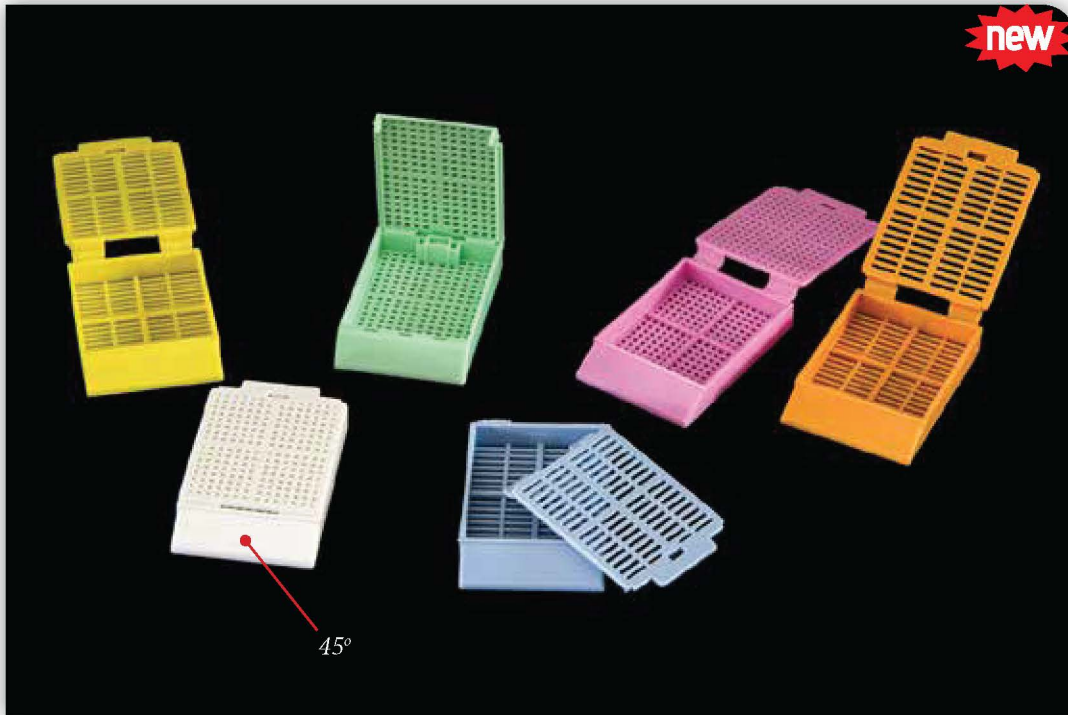

- 30° Writing Angle.
- One-piece with integral lid – snap apart, turn it around and lock into the base of the cassette.
- HC11 is suitable for biopsies thanks to its fine pores.

Available in July 2014

HC30 and HC31 Series

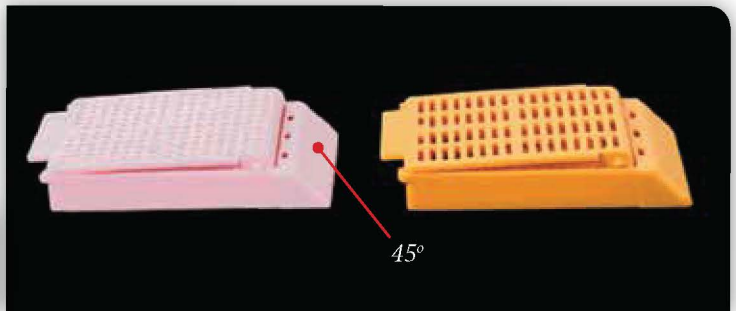

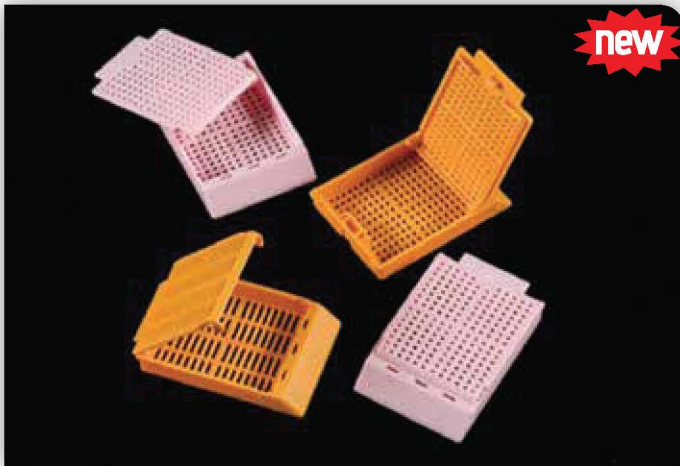

- 35° Writing Angle.
- Secure locking device.
- One-piece with integral lid.
- One-hand operation, just snap forward and lock into the base of the cassette.
- HC31 is suitable for biopsies **thanks to its fine pores**.

HC20 or HC20A and HC21 or HC21A Series

- 45° Writing Angle.
- More suitable for cassette labeling machines.
- HC13 is suitable for biopsies thanks to its fine pores.
- Secure locking device
- Available in July 2014

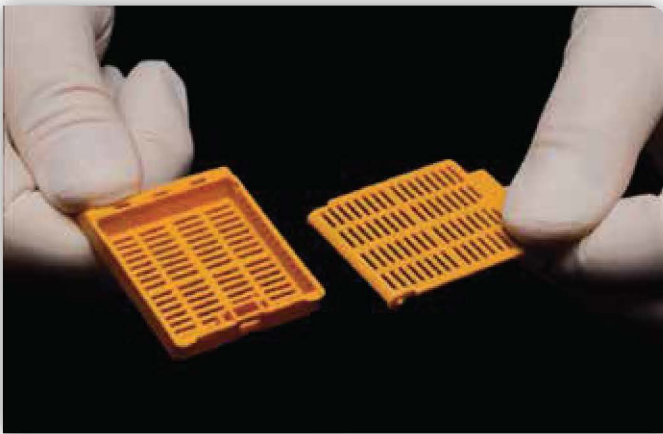

- 1st Packing Choice - Lid with Base Assembled together (codes beginning with HC20A / HC21A).

Code	Description	Colour	Bag Qty	Case Qty
HC20A-45A	Histocell E Tissue Embedding 45 Deg	Aqua / Assembled	750	1500
HC20A-45B	Histocell E Tissue Embedding 45 Deg	Blue / Assembled	750	1500

HC22 or HC22A and HC23 or HC23A Series

- 45° Writing Angle.
- More suitable for cassette labeling machines.
- 3 writing areas.
- HC23 is suitable for biopsies **thanks to its fine pores**.
- **This new model uses a hinge** that allows the cover to be removed and reinserted repeatedly.
- Secure locking device.

- 1st Packing Choice - Lid with Base Assembled together (codes beginning with HC22A / HC23A).

Code	Description	Colour / Type	Bag Qty	Case Qty
HC22A-45A	Histocell D Tissue Embedding 45 Deg	Aqua / Assembled	500	1500

↑ Assembled

Taped Cassettes and Sleeved Cassettes for Automated Labeling Machines are also available.

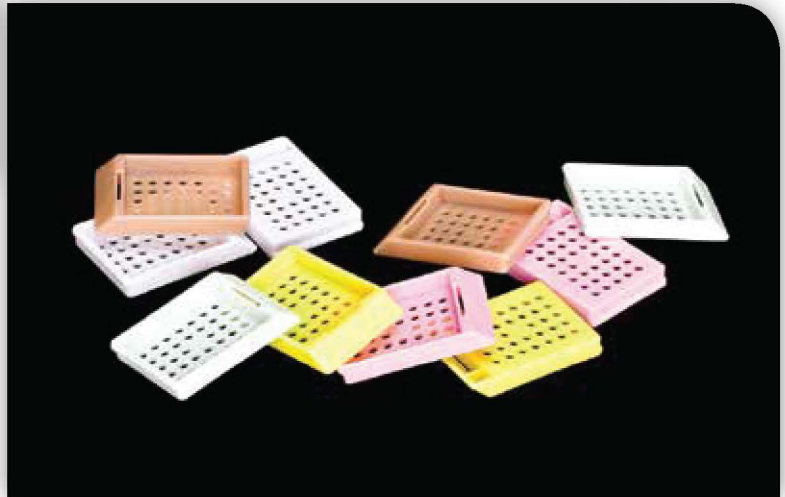

HCEC Series – Embedding Cassette with Round Holes

- Made of Acetal Polymer.
- Suitable for holding and identifying tissue samples.
- 45° angle writing surface accepts markings easily.
- 34 Round Holes of 2mm diameter.
- Side of Base 41.1 x 28.19 x 6mm.
- Without Lid – Metals Lids can be purchased separately – see HCLID.

Embedding Cassette without Lid

Code	Colour	Bag Qty	Case Qty
HCECW	White	500	4000

HCECG	Green	500	4000

HCLID – Stainless Steel Lid

- Made of Stainless Steel Grade SUS304.
- Reusable.
- For use with HCEC series.

Code	Description	Bag Qty
HCLID	Metal Cassette Lid	10

HCER Series – Embedding Ring

- Made of ABS Material.
- Suitable for holding and identifying tissue sample blocks.
- Embedding Ring securely holds the tissue sample in the microtome chuck adapter for sectioning.

Embedding Ring

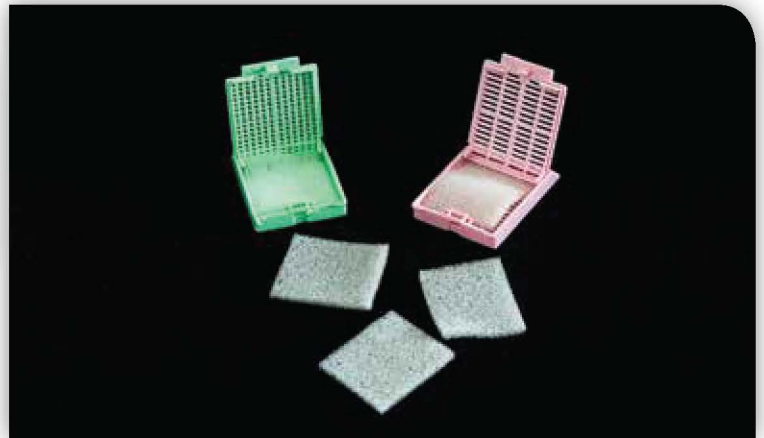

Code	Colour	Bag Qty	Case Qty
HCERW	White	500	2000
HCERY	Yellow	500	2000
HCERT	Tan	500	2000
HCERP	Pink	500	2000
HCERG	Green	500	2000

HCPAD

- Made of Polyester urethane foam.
- Hold Biopsies in place and prevent them from being lost during processing.
- Fits all Rectangular Cassettes.
- One size only - 30x25x2mm.

Code	Description	Bag Qty	Case Qty
HCPAD	Embedding Pad	1000	1000

BMP Series – PVC Base Mold

- Made of PVC Material.
- Material is strong enough to be reused.
- **Smooth interior finish and rounded corners** facilitate specimen removal.
- Special Material used ensures excellent thermal exchange.
- External Dimensions are 50 x 37 x 12mm.

Code	Description	Well Dimension (mm) Rectangular Pad	Ext Dimension (mm)	Box Qty	Case Qty
BMP775	PVC Tissue Base Mold	7x7x5	50x37x12	100	1000

Horizontal Flat Type

- Made of Polypropylene.
- Snap to close lid to secure slides.
- Suitable for 1" x 3" (25.4 x 76.2mm) glass slides.
- Only Natural Colour (translucent) Available.
- 3 Sizes available – 1pc, 2pcs and 3pcs.

Slide Mailer Horizontal

Code	Description	Size of Mailer (mm)	Inner Qty	Case Qty
SMH1	for 1pc	43 x 83 x 4	200	2000
SMH2	for 3pc	70 x 83 x 4	100	1000
SMH3	for 3pc	96 x 83 x 4	100	1000

Vertical Flat Type

- Made of Polypropylene.
- Flip Top Lid to secure Slides.
- Inner slots to separate slides.
- Suitable for 1" x 3" (25.4 x 76.2mm) glass slides.
- 2 Colours – Natural (Translucent) and Blue.
- Only one size available – for 2pc slide.

Slide Mailer Vertical

Code	Desc.	Colour	Size of Mailer (mm)	Inner Qty	Case Qty
SMV2B	for 2pc	Blue	30x86x15 Lid-44	100	1000
SMV2N	for 2pc	Natural	30x86x15 Lid-44	100	1000

Vertical Round Type

- Made of Polypropylene.
- Screw Cap Top Secures Slides.
- Inner slots to separate slides.
- Suitable for 1" x 3" (25.4 x 76.2mm) glass slides.
- 1 Colour – Natural (Translucent).
- Two sizes available – for 3pc and 5pc.

Slide Mailer Vertical

Code	Desc.	Colour	Size of Mailer (mm)	Inner Qty	Case Qty
SMR3	for 3pc	Natural	30x80	100	500
SMR5	for 5pc	Natural	30x80	100	1000

Leakproof Slide Mailer

- ◉ Ideal for preserving and transporting of **PAP smear slides**
- ◉ Can also be used for Staining and Storing slides
- ◉ Inner slots to separate 4 Slides
- ◉ Made of Polypropylene
- ◉ Specially made leakproof cap (HDPE)
- ◉ Caps are available in different colors for Color Coding

Leakproof Slide Mailer for 4 pc

Code	Colour	Size of Mailer (mm)	Inner Qty	Case Qty
SMR4	Natural	35x87	100	1000

SMR4G	Green	35x87	100	1000
SMR4P	Purple	35x87	100	1000
SMR4Y	Yellow	35x87	100	1000

Cardboard Slide Mailers with Lid

- Made of Heavy Duty Cardboard.
- Finger Slot for Easy Removal.
- With Lid and Divider.
- Suitable for 1" x 3" (25.4 x 76.2mm) glass slides.
- 1 Colour – Grey.
- Various Sizes Available.

Cardboard Slide Mailer

Code	Description	Size of Mailer when closed (mm)	Inner Qty	Case Qty
SMC1	for 1pc	94 x 40	50	1000
SMC2	for 2pc	94 x 75	50	500

SMC4	for 4pc	150 x 110	50	200

Cardboard Trays

- Made of Heavy Duty Cardboard.
- Finger Slot for Easy Removal.
- With Lid and Divider.
- Index Identification.
- Suitable for 1" x 3" (25.4 x 76.2mm) glass slides.
- 1 Colour – Grey.
- Various Sizes Available.

Cardboard Slide Mailer

Code	Description	Size of Mailer (mm)	Inner Qty	Case Qty
SMC10	for 10pc	338 x 102	5	50
SMC20	for 20pc	339 x 203	5	50

Plastic Slide Trays

- Made of Polystyrene.
- Finger Slot for Easy Removal.
- For Fast-Read ability.
- With Divider.
- Size of Tray – 350 x 200mm
- Suitable for 1" x 3" (25.4 x 76.2mm) glass slides.
- 4 Colours – White, Green, Pink, Blue.

Plastic Slide Tray

Code	Description	Colour	Inner Qty	Case Qty
ST20W	for 20pc	White	1	50

ST20P	for 20pc	Pink	1	50
ST20B	for 20pc	Blue	1	50

Plastic Slide Storage Boxes

- Made of durable ABS Plastic.
- Storage Box with hinged lid.
- Cork Lined for added protections.
- **Index List on Lid for easy slide identification and organization.**
- Suitable for 1" x 3" (25.4 x 76.2mm) glass slides.
- 3 Colours available – Metallic Grey, Blue, White
- 4 Sizes available–12pc, 25pc, 50pc, 100pc.

Plastic Storage Box with Lid

Code	Description	Colour	Size of Slide Box (mm)	Inner Qty	Case Qty
